Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 15 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A showery day, these heavy and thundery at times.

Today:
A murky and damp start for many areas with morning rain clearing to sunny spells and scattered showers for the afternoon. The showers will be heavy and, perhaps, thundery at times. Maximum temperature 15 deg C (59 deg F).

Tonight:
Gradually becoming less showery through the evening, before further heavy and potentially thundery showers move across parts of Wales from the southwest overnight. Minimum temperature 7 deg C (45 deg F).

Sunday:
Another day of sunshine and scattered showers. The showers will be heavy and slow-moving at times with the risk of some hail and thunder. Maximum temperature 13 deg C (55 deg F).

Outlook for Monday to Wednesday:
Remaining unsettled with sunshine and showers throughout, with heavy and possibly thundery outbreaks on Monday. Turning drier on Tuesday and Wednesday with more isolated showers. Temperature slightly below average.
